IS EXTRACTED FROM
KAFFEE HAG**

KAFFEE HAG

PERFECT COFFEE

95% OF THE CAFFEINE REMOVED

What You Ought to Know About KAFFEE HAG

KAFFEE HAG is a blend of the choicest high grade coffee selected by coffee experts from the finest crops grown. Before KAFFEE HAG is roasted 95% of the injurious drug caffeine is removed by a patented process. The process of removing the caffeine and the method of roasting give KAFFEE HAG a flavor and aroma unsurpassed by any other coffee and make it a harmless beverage for all.

KAFFEE HAG is the "Coffeinfreier" coffee that enjoys such immense popularity in Europe.

KAFFEE HAG is real coffee---you make it in exactly the same way as you have been making your coffee right along.

KAFFEE HAG is recommended by doctors when the use of ordinary coffee is forbidden. It has the endorsement of physicians, hospitals and sanitariums throughout the world. It is perfect coffee and agrees with everybody.

KAFFEE HAG reaches the consumer in perfect condition, it is perfectly roasted and perfectly packed in airtight, flavor-retaining tins.

KAFFEE HAG is put up IN THE BEAN ONLY because coffee that has been ground days before it is used does not have the delicious flavor of coffee that is freshly ground. Sold by all grocers for 25 cents the package.

Order a trial can to-day. You will like it. You will be benefitted by it.

Kaffee HAG Corporation, New York.
